

Seasoning Tumbler with Incline Conveyor

Horizontal motion conveying and applicator evenly distributes seasoning without separation and minimizes seasoning ingredient usage.

Product Description

- Tumbler gently improves ingredient spread with less product breakage
- Dispenser automatically adjusts speed to match changes in product flow
- Slurry, oil spray or powder application seasoning
- Variable speed drive and adjustable pitch to control throughput and precision flow rates
- Safety covers and enclosed drive system with shaft guards
- Unique designed ridges to flip the product for optimal seasoning
